BECAUSE A NEW FOREVER AWAITS

## **DEMAND TOUGHER LAWS FOR ANIMAL ABUSE IN BALTIMORE.**

It's hard not to look away. But I beg you not to.

This precious Angel is Naomi.

Three nights ago, this sweet young cat was doused with a chemical and set on fire.

City surveillance cameras showed a group of teenagers approach her and throw a liquid on her, before lighting a match.

Naomi tried her best to flee, but she couldn't escape the flames that claimed her fur and burned her legs or the chemical that burned her eyes.

Poor Naomi roamed the streets for two days until we were able to catch her.

No one has identified the kids.

Maybe there would be more of an outcry to find them if this had happened to a person. But Naomi is just a cat.

The vets said it's a good thing we got Naomi there when we did.

Infection was already setting in.

Another day and it would have been too late to save Naomi.

It was already too late to save her sight.

And the kids that hurt this precious cat are still out there walking the streets.

Even if they are found they won't suffer any real consequences.

Because Naomi is just a cat.
